## Oil Depletion and the Collapse of the American Dream

**Screening on FRI May 5, 7pm**  
**GW University, VA Campus in Building 1**  
20101 Academic Way, Ashburn, VA

Come for the movie; stay for the discussion with  
the film's producer, Barry Silverthorn and author Jan Lundberg

Producer, Barry Silverthorn

*With brutal honesty and a touch of irony, The End of Suburbia explores the American Way of Life and its prospects as the planet approaches a critical era, as global demand for fossil fuels begins to outstrip supply.*

*"I thought the movie was FANTASTIC. It really hit all the main points, ...and it did so organically, in a non-cramming-it-down-your-throat way. I would imagine that your movie will be especially well-received by those who are more or less "new" to these issues. - Doug, California"*
