# Who Killed the Electric Car?

*See the Sony Classics film.*

*Hear film's director **CHRIS PAINE**.*

*Meet former EV1 sales specialist  
**CHELSEA SEXTON**, featured in the film.*

*Check out for yourself two operational  
**ELECTRIC CARS!***

**Wednesday, April 11th, 7:30 PM**

It was among the fastest, most efficient production cars ever built, ran on electricity, produced no emissions and catapulted American technology to the forefront of the automotive industry.

The lucky few who drove it never wanted to give it up. So why did General Motors crush its EV1 electric vehicles in the Arizona desert?

**Electric cars courtesy of the Electric Vehicle Association of DC**

Event sponsored by Loudoun County Committee for a Sustainable Society (LCCSS)

plus EVA/DC, NVCC-Loudoun Documentary Club, Chesapeake Climate Action Network,  
National Institute for Automotive Service Excellence, Virginia Sierra Club
