

POTOMAC REGION SOLAR  
ENERGY ASSOCIATION

Presents

# Solar energy

## Basics for homeowners

Saturday, January 31, 2009  
4:30pm - 6:30pm

Is your electric bill too high? Come learn about energy conservation and home solar energy systems. Speaker Jim Crowley, PRSEA Chairman.

In addition, PRSEA member Mitch King will discuss how solar energy systems can reduce the need for new transmission lines and new power generation plants. Come find out how you can help focus the attention of your elected officials on the benefits of solar energy as an alternative to mega-utility business as usual.
